The National Women in Roofing (NWiR) and Young Professionals (YP) are giving back to the community by hosting a food drive. ARCA members are welcome to drop off non-perishable food at the ARCA office (Ste. 106) starting November 1st. Monetary donations are accepted on the event page and will be used to purchase non-perishable food items. Final food collection will be at the ARCAstruction Holiday Party.

The NWiR has challenged the UP to a competition of building a structure with the donated food drive items. Think of it as a version of chopped - teams will select items from donated goods to build a structure, which will be judged by members of the ARCA Board. After the holiday party, all non-perishable food will be donated to food banks throughout Arizona.
